■ CONSTRUCTION

- Inflatable

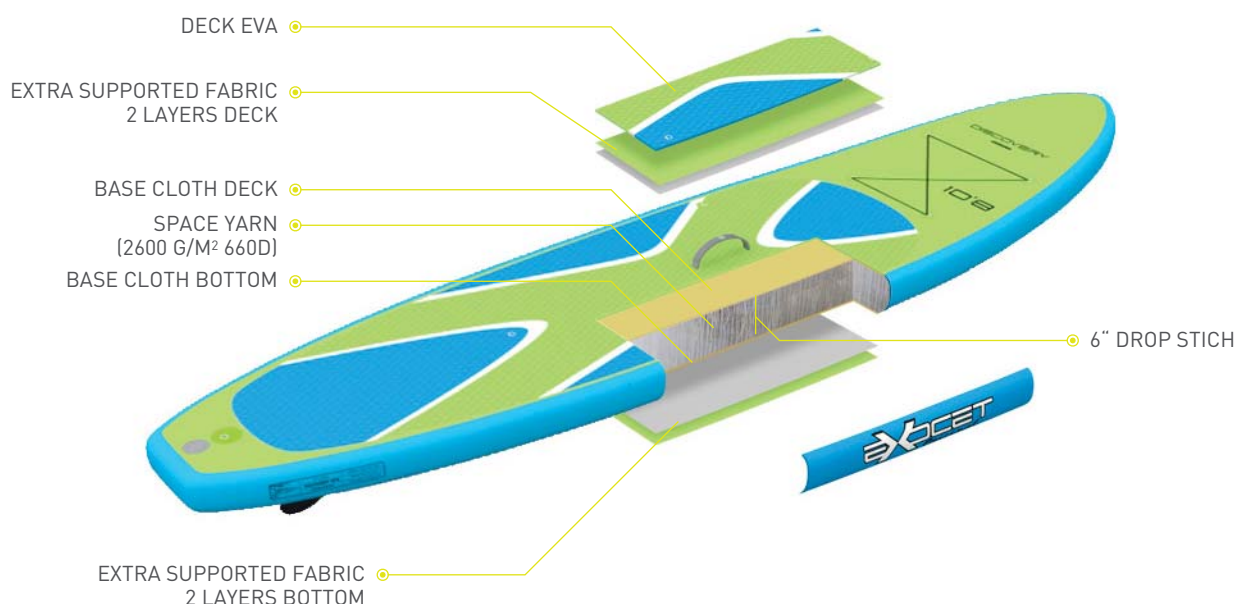

■ OPTIONAL

- 3 Parts Paddle
- Mast Adaptor

INFLATABLE SUP | WINDSURF + SUP + KAYAK CONSTRUCTION+ DISCOVERY

DISCOVERY BAG

■ EXOCET inflatable SUP's are all built with the "Drop Stitch" high density technology as well as triple layer of reinforced PVC pre-preg. The core between deck and bottom is a very thin and dense polyester thread allowing the envelope to achieve the right shape.

All EXOCET Inflatable's, except the 10'6 (4" = 10cm), have a thickness of 6" (15cm)

This thickness combined with the technology offers stiffness and high resistance to impact and body load. An EVA pad covers the deck to increase comfort.
